Michal Litványi

UX/UI Designer & Frontend Developer

litvanyi.sk | michal@litvanyi.sk | Dobšiná, SK | Remote

I have been working in UX/UI design since 2015, with a background in graphic design and front-end development. I focus on creating user-friendly web and mobile applications, e-commerce platforms, and internal CRM systems. I use AI tools in my daily workflow to accelerate the entire design and development cycle.
